

PhD presentation

Antimicrobial Stewardship Program in pediatric settings

ASP in Pediatric Emergency Departments

Acute Otitis Media

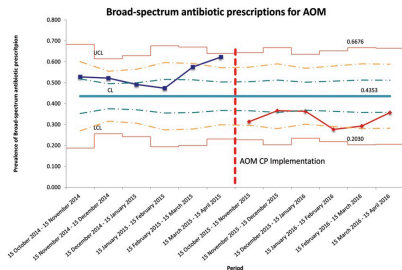

Figure 1: Change in antibiotic prescription in acute otitis media

Acute pharyngitis

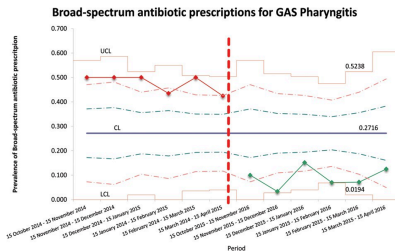

Figure 2: Change in antibiotic prescription in acute pharyngitis

ASP in Pediatric Intensive Care Units

Two periods:

Implementation of Spectrum App
Figure 3 presents the app developed

Figure 3: Firstline app

Hand shake stewardship
Figure 4 presents the new approach to ASP in critical care setting

Figure 4: Handshake

Conclusions

Different types of ASP have been successfully implemented in pediatric settings
